## About Qurban Amal AMPRO

Qurban Amal AMPRO was launched by the AMPRO Group in 1999 to promote the humanitarian value of Qurban.

Our Qurban therefore combines the annual rite of sacrifice with a humanitarian assistance drive motivated by the universalist spirit of Islam.

Our recipients include poor and needy Muslims as well as non-Muslim communities around the world.

## Canned Qurban Meat

AMPRO pioneer the canning of Qurban meat in Singapore in 1999. Canning lengthens the shelf life of the meat. This extends delivery time to as long as 3 years which is permissible in Islam.

## About Corporate Qurban

AMPRO Corporate Qurban is our response to the flood disaster in Pakistan. It is to aid victims by distributing ready-to-eat canned Qurban meat. At least 1,400 people have died and more than three million affected by the floods -- the worst in Pakistan's history.

AMPRO Corporate Qurban transforms Qurban from a simple ritualistic obligation into a global humanitarian movement. It also provides companies with a convenient yet meaningful way to fulfil their Corporate Social Responsibility (CSR).

With global climate change triggering natural disasters, do your part to help victims by utilising your CSR.
